DIONYSUS THE GREEK GOD OF WINE

Dionysus was the son of Zeus and Semele, and he was the only god with a mortal parent. He was the god of fertility and wine, later considered a patron of the arts. He created wine and spread the art of viticulture. Dionysus had a dual nature; on the one hand, he brought joy and divine ecstasy and on the other he would bring brutal and blinding rage, thus reflecting the dual nature of wine.

Dionysus and his followers could not be bound by shackles.
